The Secretary,

London.

Dear Sir,

I beg to advise you that the Motor Tanker  
"SERGIO LAGHI" has just completed dry-docking and repairs  
at this port.

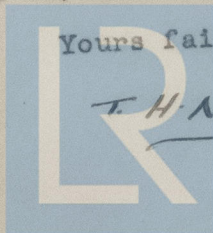

Full Classification particulars were not available  
in the Register Book or Supplements and the matter was  
discussed with the Master who stated that his Owners had  
instructed him to contact this office in connection with this  
docking and that the vessel was of dual classification  
of Registro Italiano and Lloyd's Register.

As no recent instructions have been received  
regarding dual classification the pre-war procedure has been  
followed and the fees allocated accordingly.

I am, Dear Sir,

Yours faithfully,

*T.H.Noel*
