Lloyd's Register of Shipping
17 Battery Place
New York, New York

Attn: Mr. Stoot

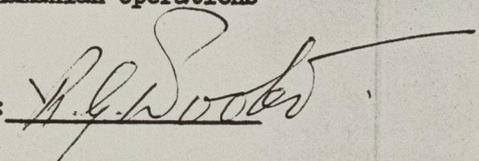

We have decided to discontinue the practice of dual classification of our vessels and will retain the classification of our S/S WINAMAC in American Bureau of Shipping solely. We would, therefore, appreciate your expunging this vessel from your records.

The fact that we have chosen to retain this vessel with the American Bureau should not be taken as a disparagement of your Society since it is being done only to maintain a balance in the classification of our vessels between yourselves and ABS.

Please advise us if you will require the return of any of the vessel's certificates for cancellation.

Yours truly,

O. Meyer, Manager
Panamanian Operations
