Dear Sirs,

S.S. "MASTER ELIAS" to be re-named
"UMBERTO D'AMATO".

I have your letter of the 25th June, the contents of which have been noted, and would inform you that there are no conditions of class noted against this vessel, and that the Survey position is as noted in the supplement to the Register Book.

The vessel has been reported by the Venice Surveyors as having been under their inspection for Hull damage, but the report has not yet been received in this Office.

The Special Survey will become due at the end of August, and the new Owners intentions regarding this inspection should be ascertained and forwarded. In accordance with the amended Rules, the Steampipe Survey should be held in conjunction with the Special Survey.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
GENOA
