Accd. 11/8/49 29th July, 1949.

Enclosure

Dear Sirs,

Reverting to your letter of the 28th June last respecting the steamer "DANUBIAN", I return herewith the file in connection with this case and would draw your attention to the letter dated 23rd instant now to hand from the Society's Surveyor at Alexandria.

The question arises as to whether you think the case would better be dealt with at your end than in this Office, in which case, perhaps you would arrange for it to be endorsed with particulars of the classification to be assigned and records in the Register Book.

If, however, you think it could be dealt with by your local interim Committee, we shall be quite happy to accede to this arrangement. In that event you should return the reports and correspondence for filing here after submission to the Committee.

Yours faithfully,

R. J. L. L. L.
Clerk to the
Classification Committee

The Surveyors,
Blythswood Square,
Glasgow.
