

"DANUBIAN"

A Representative of the Owners called at this Office yesterday and stated that a provisional Load Line Certificate had been issued to this vessel in December last by the British Corporation Surveyor at Alexandria and that this Certificate expired next month. The vessel is proceeding abroad and they desire the issue of a full term Certificate.

In the absence of any information in this Office regarding the case I telephoned Blythswood Square and was advised that the survey for classification had been held at Alexandria but that as the Surveyor's Report was not complete the case had not yet been submitted for class. The position regarding freeboard was not clear and in the circumstances I asked that all the papers should be sent to the London Office as soon as possible for investigation.

The Owners' Representative is calling at this Office again this afternoon.
