

2nd December, 1949.

Dear Sir,

I duly received your letter of the 23rd ultimo respecting the motorship "NORSTRAUM" and note that the Owners wish to postpone the completion of the survey for full classification until the end of June 1950.

They will appreciate, of course, that until the outstanding items are satisfactorily completed, the only entry that can be made in the Register Book is one of BS (Classification Contemplated) "North Sea and European Coasting Service", but you may extend the validity of the short term interim certificate issued by you under date of 15th July last until June 1950, provided you are fully satisfied that the condition of the vessel and her machinery is suitable for this period.

At the termination thereof, however, all outstanding items for classification must be completed.

Yours faithfully,

S. A. Eide, Esq.,
BERGEN.

Classification Committee
