C.  
DNS/DET

Dear Sirs,

M.S. "NORDIC"

When this vessel was under survey at Fremantle on the 16th ultimo, it was recommended that the starboard main engine No.1 centre and aft side top ends and aft side rod should be re-examined and dealt with as necessary by the end of August.

It was stated that this matter would receive attention at your port, and as it is noted from the Shipping Papers that this ship arrived at your port on the 27th ultimo, it is concluded that this matter has now received attention, but your confirmation is desired.

Yours faithfully,

pro Clerk to the  
Classification Committee

The Surveyors,  
MELBOURNE.
