Dear Sirs,

Motorship "NORDIC"

I acknowledge receipt of your letter of the 10th instant concerning the condition of class which requires the port main engine cracked aft scavenge crank web to be specially examined and dealt with as necessary on this ship's return to the United Kingdom from her present voyage.

I confirm that it will be in order for the ship to undertake a further round voyage to Australia provided the results of the inspection of the unit in question to be held at Glasgow this month are satisfactory.

Yours faithfully,

Clerk to the  
Classification Committee.
