1388 tons gross of Dunedin,

on the 27th July, 1956 and subsequent dates whilst the
ship was on the floating dock and also afloat in Sydney
Harbour for General Examination for Postponement of
Special Survey. shall

and that I have / transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report, stating that all / repairs
recommended by me have been completed to my satisfaction, and
shall

that I have Recommended that she be continued as now
classed with fresh record of survey 7,56 subject to
permanent repairs in way of main injection, (leakage) to
floor connections etc. in forepeak tank and to stiffener
on No. 2 hatch after coaming being examined and dealt with
as found necessary by next Special Survey.

being fit to carry dry and perishable cargoes.

The class is also subject to all outstanding items being
dealt with as previously recommended.

(Thomas Nell)

Surveyor to Lloyd's Register

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society's Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, fault or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
