 (e) Steam Generator Survey due See endt. dated
 (f) Steampipes Survey due 3.64 (old Rules) postponed until 6.65
 (g) Screwshaft Survey due See endt. dated
 (h) Outstanding items for record:— See endt. dated See endt. dated
 (i) Machinery Subject/Limit by See endt. dated
 (j) S.R.M.C due See endt. dated (k) R.S. due See endt. dated

- (3) Postponements already agreed:— completion of the **Postponement of the Special Survey**
until June 1965 approved in August after a
Satisfactory General Examination at Hong Kong
in June last.

- (4) New Proposal:— Postponement of Steampipes Survey until 12.64
approved 9.4.64, and until the 31 in June 1965 approved 1.3.65.

Due to congestion at Colombo, where now waiting for a berth, the vessel is not expected to leave before the end of June. She will then load a cargo of ore at Mormugao & in consequence, will not arrive at Taiwan until mid. August. Postponement of the Special Survey (and presumably the SPS) until the end of August (2 months beyond the year of grace) is desired.

Technical Recommendation (Hull):—

No technical objection provided ship is generally examined and found or placed in satisfactory condition for desired fulfilment when the survey for extension of Load Line Cert is held

RSP 10/6/65

(Machinery)

The machinery & steam pipes should be generally examined at Colombo now and if no defects revealed, the sps. could be granted.
