Kobe, December 1st, 1953.

Messrs. Lloyd's Register of Shipping,

Kobe.

Dear Sirs,

S.S. "Asakaze Maru"

We have duly received your letters dated 19th and 27th November, 1953 with thanks.

With reference to the survey held on the above steamer at Hiroshima in December last, we are going to complete the special survey, e.g. No.3 Double Bottom Tank and Deep Tank are expected to be examined and tested at the next Annual Survey.

The next survey is expected to be held in the latter part of December, 1953 at Mitsui Dockyard, Tamano, but owing to the circumstances of the operation of the vessel, the Survey is feared to be postponed to the middle of January, 1954. The Boiler Survey will also be held at the same time.

Yours faithfully,

NAKAMURA KISEN KABUSHIKI KAISHA

Signed,

S. Oyama

Head of Marine Department

Received: 2nd December, 1953.
