Dear Sir:

"HOUSTON"

Referring to your letter of the 1st instant, this vessel was under survey at Galveston last month and the Report No.5801 has been dispatched to you with the Classings of the 7th instant.

However, Mr. Rennie was informed that it was the new Owner's intention to class her with the American Bureau only. As no official intimation to that effect had been received here, Mr. Rennie was instructed to report the vessel in the usual way and to render an account for the fees.

I might add that the Boiler Survey was not carried out as it was reported to have been held by the American Bureau Surveyors in September last.

Yours faithfully,
