LONDON.

Dear Sir,

In reply to the enquiry contained in your Classing Letter of the 4th instant regarding the case of the "STANROYAL", we would inform you that the deep tank forward in this vessel is fitted with bilge and ballast lines with reversible blanks but no arrangements are fitted for pumping vegetable oil. Both lines are blanked off and pumping is carried out from the shore with portable pumps.

We are, Dear Sir,  
Yours faithfully,  
THE SURVEYORS,
