Sir,

This will acknowledge your letter of the 6th inst. with reference to the expiration of the class of this vessel at the end of June next and wish to advise you that I have been informed that the vessel is now up for sale on an as is - where is basis. It is not the intention of the Owners to have the pending surveys carried out until it is known definitely how the vessel is to be disposed.

The decision of the Owners was made after the main engine crankshaft was found fractured, reference my Report No. 4064 forwarded you 5th March, 1956.

I am, Sir,

Yours faithfully,

For the Surveyors.
