Sir,

Ferry "MANECO"

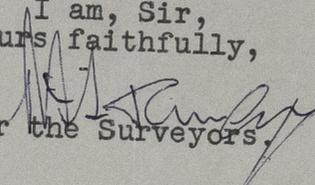

Ans'd

We wish to acknowledge receipt of your letter of the 3rd instant in respect to the Screwshaft and No. 1 Crank pin survey on the above mentioned vessel.

An examination of No. 1 Crank pin was recently carried out and found to be efficient but the Screwshaft Survey was not attended to at this time because of lack of dry docking facilities and the Owners have requested a month's extension in order to be able to accommodate themselves.

Our Report No. 4026 in connection with these items was forwarded you on the 28th October last.

I am, Sir,  
Yours faithfully,

  
For the Surveyors.
