

s.s. "MANECO"

---

IT IS SUBMITTED that before this case receives consideration the Halifax Surveyor be requested by cable to forward a plan of the pumping arrangements, to state the number and size of the bilge suction in the engine room and other spaces, what arrangements have been made to comply with the Rule requirements regarding overboard discharge valves, spare lubricating oil pump, separate donkey suction from engine room bilges, and what parts of the air receivers are welded, and the nature of the welding.
