Dear Sir:-

I am in receipt of your letter of the 22nd instant, respecting the Tanker "ANDROS VENTURE", the contents of which are noted.

In reply I have to inform you that it has been ascertained from the Owners' Representative that, although the American Bureau Surveyors were called in when the Vessel was at Philadelphia, the Owners omitted to notify this Society.

It is also understood that the Vessel will be dry docking in about two months time at New York when opportunity may be afforded the Surveyors to verify the repairs effected to the starboard boiler.

Yours very truly,

W. Riddell
Principal Surveyor for Canada
