Received from Chief Engineer Surveyor.....

SHIP'S NAME Brooklyn Star REPORT Ygt No. 1122

Stocky.

C. S. M. Advanced

A. b. s. due 7.62 now partly held.

It is submitted that this vessel is eligible for THE RECORD A. b. s. 9.61 when the survey has been completed.

G. V. P.  
1. 11. 61

Assign  
ABIS 9/01  
see hgh ltr  
25/11/61  
R

To complete A. b. s. The safety valves of the Exhaust Gas Heated Corrosion to be adjusted under steam.

It is noted that a forced circulating pump has been examined as part of the C. S. cycle and the Surveyor's attention should be drawn to Chapter C. Secd 8. para 801 which states that forced circulating pumps are to be examined at each boiler survey.
