27 JUL 1966

29 JUL 1966

State which additional Rpt. 8 is attached: (Cont); (A); (DR); (EQ); (Rtg)

Survey fees	Damage fee	Expenses
DS. £15.0.0.	-	-
		S.A. fee

[Handwritten signature]

I have surveyed the above-named ship in accordance with the Rules for Drydocking and Annual Surveys.

REPAIRS. Wear and tear.

4 local fractures in rudder port side plating cut out and made good by welding.
Other sundry minor repairs effected.

S.R.L. Appendix. The port and starboard side and bottom shell-plating examined at this time and found to continue efficient.

taken or recommended should be described fully under "defects & repairs". When any part has been subjected to pressure test this should be stated.

date of the next Special Survey. Where repairs have been effected, or it is considered that re-examination or repairs should be made before that date the circumstances and action

†The condition of any item is to be described as "good" only when it has been examined, found or placed in good condition and is considered to be acceptable until the due

I declare that the items detailed in this report (except as stated otherwise) comply with the requirements of the Merchant Shipping (Cargo Ship Construction and Survey) Rules 1965, applicable to this ship, and are in all respects satisfactory for the service on which the ship is intended to ply namely International voyages/voyages within the limits

(The above declaration applies only to sea-going cargo ships of 500 tons gross and above registered in the U.K.)

The items now surveyed are detailed on this report. All were found or placed in good condition unless otherwise stated. I recommend, therefore, that this ship remain as classed with a fresh record of dry docking. 7,66.
