Dear Sirs,

Motorship "ATRAX"

I have your letter of 5th instant, and have today informed the Committee of your comments.

The Committee consider the Owners of this ship do not appreciate the seriousness of the position, seeing that the year of grace for the Special Survey expired last March, and although a further extension until the end of June was granted, no approach has been made by the Owners to this office for agreement to the present voyage from Argentina to the Continent. The Committee would therefore be well within their rights in withdrawing the ship's class today.

They are, however, reluctant to take such strong action when a ship is on the high seas and they therefore deferred dealing with the ship in this way.

The Committee, however, desire you to impress upon the Owners that a satisfactory proposal must be received here for the Special Survey to be held immediately on completion of the present voyage without undertaking any further venture, otherwise they will not feel justified in continuing the ship in class.

The further proposals from the Owners in this matter will therefore be awaited.

Yours faithfully,

Messrs. Aegis Shipping (London) Ltd.,
