Dear Sir,

M.V. Charlotte MærskCopenhagen Report No. 13308

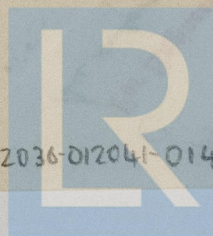

We have to acknowledge receipt of your classing
letter of the 14th instant regarding the above vessel.

With reference to your remarks concerning the
notation of 3 D B we have to advise you that whilst
the exhaust gas boiler is used in conjunction with
the oil fired boilers it can also be used at sea as
a separate unit.

In the circumstance we are of the opinion
that the notation of 3 D B should remain as in the
case of all previous vessels of this class built
at Odense.

Yours faithfully,

SURVEYOR TO LLOYD'S
