Dear Sir,

BARGE "APPET 6"

With reference to your letter dated the 21st April, we now forward herewith a report on the above barge by Mr. R. L. Floode the Acting Surveyor at Freetown.

You will note that attention is drawn in the report to the fact that there were no portable fire extinguishers on board the vessel and we shall be glad to learn what is required for this barge and whether this should be made a condition of class before issuing an Interim Certificate.

Yours faithfully,

*H. Floode*

pp: SURVEYORS.

The Secretary,  
LONDON.

SR  
REPORTS

Refer to Engine  
Room Dept

It is considered this barge should be  
provided with 1 portable fire extinguisher in  
the pump room at the forward end of the deck  
and 1 at the after end of the deck.

Before this receives Glasgow  
consideration should be requested to  
forward the plan of  
pumping arrangements.  
YJB.
