Barge "Afpet 6"

This is to certify that I, the undersigned surveyor, at the request of Lloyd's Register ~~of~~ of Shipping at Apapa Nigeria, did examine afloat on the 26th and 29th June, 1964 the Oil Barge "Afpet 6" Ship No. 432 built by Ardrossan Dockyard Ltd., 1964. The "Afpet 6" has six oil tanks and one pump room on after deck.

I certify that I examined the Barge internally and as far as possible externally and found her to be in good condition.

In my opinion I consider the Barge to be suitable for use in Freetown Harbour and recommend that portable fire extinguishers be installed on the Barge.
