9th October 1923.

Dear Sir,

S. With reference to Greenock report No.18129 of survey of the Dredger "PERSEVERE", I shall be obliged if you will enquire of the Surveyors and let me know whether grounding keels at the centre and sides are fitted as approved, and if the width of the butt laps of the shell plating are as required.

The Surveyors should also state the length and capacity of the boiler feed tanks, port and starboard, and whether these have been tested.

I am, Dear Sir,

Yours faithfully,

Assistant to the Secretary.

The Secretary,

GLASGOW.
