Dear Sirs,

s.s. GARBI.

Referring to your letter of the 29th. June, we shall be obliged if you will arrange to have a freeboard assigned to this vessel and the necessary instructions sent to Antwerp.

As regards the boilers, we are advised that these were inspected last year since when they have not been used. We understand your local Surveyor has stated that the boilers must be again inspected, cleaned and emptied.

Will you please take up the matter with him as we wish to have the Boiler Certificate renewed but do not feel that under the circumstances a fresh inspection, cleaning and emptying should be necessary.

We remain,
Yours faithfully,

MID-ATLANTIC SHIPPING CO., LTD.
