21st February, 1951.

Dear Sirs,

Classn (S)

T.s.m.s. "SHELL 15"

EJB

I have to acknowledge the receipt of your letter of the 7th instant, and have to thank you for the information forwarded.

With regard to the fitting of vertical stiffeners to the 30" hatch coamings to Nos.1,2 & 3 tanks, I have to inform you that this matter has been reconsidered, and having regard to the restricted service of the vessel, and the size of these hatches, namely, 6' x 4', it has been decided that the fitting of vertical stiffeners is not necessary.

Yours faithfully,

Assistant  
Clerk to the Classification  
Committee.

The Surveyors,  
LISBON.
