o Chief Surveyors.....

Received from Chief Surveyors.....

GB

SEL'S NAME Tw.Sc. m.v. "SHELL 15" REPORT Lis. No. 5238

For the CHIEF SHIP SURVEYOR and ~~CHIEF ENGINEER SURVEYOR.~~

In cases which have to be submitted to the Classing Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case so that the Classing Committee may have all the salient points presented in the endorsement."—(Extract from Sub-Committee's Report, 24/5/92.)

e of Survey.....When due.....

In reply to Classing Letter dated 26th ultimo the LISBON Surveyors state that vertical stiffeners are not fitted to 30" hatch coamings to Nos. 1, 2 & 3 tanks.

As the dimensions of these hatches are 6' x 4' and in view of the restricted service of the vessel IT IS SUBMITTED that the fitting of these vertical stiffeners is not necessary and the Surveyors be advised accordingly.
