

2nd January, 1951.

Dear Sirs,

I am in receipt of your letter of the 29th November last respecting the Motor Tanker "SHELL 15", the contents of which are noted.

The fee for classification as regards the hull in the United Kingdom would be £51 and the machinery would be £38. 8s., together with an electrical fee of £4. These fees ~~could~~, of course, be modified in accordance with your local practice and considerations ~~would~~ be given to the fees already charged, and therefore it is considered the inclusive charge of Esc. 12,000 is in order.

Yours faithfully,

Clerk to the  
Classification Committee

The Surveyors,  
LISBON.
