# LLOYD'S REGISTER OF SHIPPING

Port of H U L L.

13th June, 1962.

## This is to Certify that

W. Lind D. Vincent J.E. Silcox

the undersigned Surveyor to this Society did at the request of the Melbourne Harbor Trust Commissioners, Melbourne, Australia, supervise, for compliance with the technical requirements of the Specification as agreed between Owners and Builders, the construction of the hull and installation of the machinery and electrical equipment of the Single Screw Diesel Hopper Barge "THEO. H. SWANTON" built by Messrs. Richard Dunston (Hessle) Ltd., Yard No. S.781.

In our opinion the workmanship and materials are good and, to the best of our knowledge, the technical requirements of the agreed specification have been complied with.

Trials of the machinery, pumping and electrical installation were completed on or before the 7th June 1962 to our satisfaction.

SURVEYORS TO LLOYD'S REGISTER  
OF SHIPPING.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—  
"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
