D

Port GOthenBURG.

11th March, 1958.

100A1

This is to Certify that

Hanne Larsén

the undersigned Surveyor to this Society did at the request of the Norwegian Naval Authorities examine on board the Single Screw Steam Turbine Tanker "MELINE", 13405 tons gross, of Tønsberg, built for A/S Tanktransport, Tønsberg, by A-B. Østaverken, Gothenburg, Yard No.716, during the construction and on completion the necessary strengthening for gun emplacements incorporated in the structure fitted in accordance with plans approved on the 11th December, 1957, by the Norwegian Naval Artillery Authorities.

The strengthening is intended for:

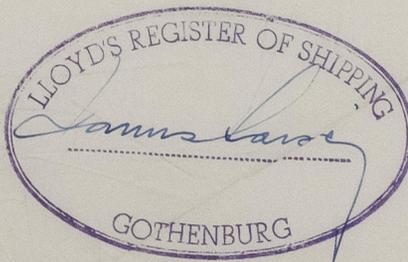

On Forecastle Deck: 1 Single 40 mm. Bofors gun, port and starboard (Prefabricated pedestal to be fitted in emergency).

On Deckhouse on Boat Deck: 1 Single 40 mm. Bofors gun, port and starboard (Prefabricated pedestal to be fitted in emergency).

The strengthening for the above mentioned gun emplacements built in and completed in a satisfactory manner in accordance with plans prepared by the Builders.

Copies of attached approved plans, viz:

Forecastle Deck,
Deckhouse on boat deck, Deckhouse top.

[Signature]
Fee: Kronor 150:00.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
