

4th June, 1962.

HULL

67706 "CHARLES H. MCKAY" The contents of your report have been noted. Assignment of class has been deferred pending receipt of a report of a satisfactory examination on the arrival of this barge within the service area.

It is concluded that the steel used in the construction of this ship has been tested in accordance with the Rules, but your confirmation is desired.

67735 "NORFOLK FERRY" - As recommended. It is concluded that the stern bush oil glands were examined and found tight and satisfactory, but your confirmation is desired. I would point out that this information should be given at each drydocking.
