Dear Sir,

After a satisfactory ~~General Examination~~ the Society's Committee agreed to postpone the Special Survey of the above mentioned vessel until February next, but considering the serious difficulties we are encountering to obtain the drydock for the necessary period to submit vessel to your inspection, kindly ask you to forward to the Committee our request that the period granted until February 1960 be extended for a reasonable period until we are in a position to overcome the drydock problem.

Thanking you in anticipation for your attention in this matter,

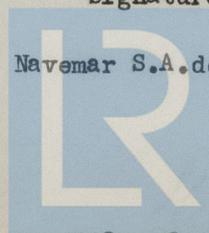

We are, Dear Sirs,

Yours faithfully.
