ANSWER

With reference to your letter of the 14th December, I shall be glad to learn whether you have any further information regarding the marking of the tachometer.

Date:— 5th April, 1960.

We have taken this question up with the Owners and have been advised that they are endeavouring to obtain the necessary tools from Germany to open up the tachometer and that if these cannot be obtained it is their intention to obtain another tachometer which will be suitably marked.
