R.

Dear Sirs,

s.s. "ATHAMAS"

In reply to your letter of the 29th May I am pleased to inform you that provided a satisfactory General Examination is carried out shortly, the Committee will be prepared to consider your proposal to postpone the Special Survey until about December next.

I note that the Main Boiler Survey will be held at the same time as the Special Survey and that the examination of the H.P. cylinder will be dealt with on the ship's arrival at a Continental port.

It is concluded that the required General Examination will be held at the same time as the machinery limit is dealt with, but I shall be glad if you will confirm this.

Yours faithfully,

Deputy Clerk to the
Classification Committee.
