LLOYD'S REGISTER OF SHIPPING

152 HIGH STREET,

FREMANTLE, W.A. 17th June, 1964.

FKLB:GS.

The Secretary,
LONDON..E.C.3.

Dear Sir,

"KOS VII"

Herewith copy of Fremantle Rpt.10 dated
15th June, 1964.

The survey as reported was carried out at the request of the Owners and following arrangements made with the Principal Surveyor, Mr. Mathieson, who also examined the report before issue to the Owners.

The Owners indicated that the survey was to guide their action of (A) re-classing "Kos VII" with this Society, or (B) purchasing another vessel similar to "Cheynes II" and "Cheynes III" which are classed.

Will you please advise the minimum requirement of anchor cable for this vessel. Fremantle Rpt.1943 dated 29/12/1959 listed the cable at that time but the Owners indicate that some of this cable is not now available.

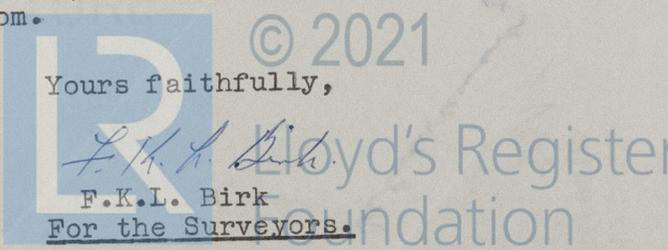

Please also indicate any further requirements which would be necessary for re-classification and the approval or otherwise of machinery space fire fighting arrangements consisting of :- sand boxes and steam smothering equipment in boiler room and four (4) two gallon portable extinguishers in the engine room.

Yours faithfully,

F.K.L. Birk
F.K.L. Birk

For the Surveyors.

*Received in Rpts.
9/7/64*

JM
See Enclosure 11/6/64.
