Dear Sir,

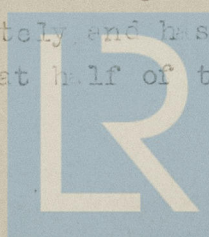

S.S. "UMRAN"

I would request your advice on the fees chargeable for the part Special Survey on the above vessel belonging to Mr. Aslan Sadıkoğlu.

This vessel was under survey in March and early April and Special Survey commenced and approximately half finished and while I was in hospital the Owner decided to transfer the vessel to B.V. Class because the local B.V. man was a friend of his.

This morning I obtained settlement from Mr. Aslan Sadıkoğlu for TL. 5740.50 for accounts outstanding from 1962 for the vessels Umrar and Hüseyin Keptan, but then Mr. Sadıkoğlu stated that he paid on the understanding that the account for the part Special Survey of Umrar would be reduced to TL. 5000.- and that he would pay no more than that as only 7 visits had been paid to the vessel.

The account rendered for the part Special Survey was T.L. 10317.40 and while I think this a fair figure as it is about half of the Special Survey fee, The Owner rejects completely and has in the three visits I had made to him that half of the Survey was made,

also at that it it was made that the fee charged for 7 visits is excessive.

I wish to accept his offer of TL. 5000.- as he has guaranteed to pay this and also as we now have no influence over this owner, as both the vessels classed with us are now to be broken up or Classed B.V. and would request permission to accept this figure without resorting of law suits which would be more costly.

Yours faithfully
