RECEIVED

6 - MAY 1963

Dear Sir,

S.S. "UMRAN"

When the surveys of this vessel had been completed to the extent that they are now reported, the Owners informed us that we were not to carry out any further examinations and it was assumed that the vessel was to be laid up.

When we heard that it was to be placed in drydock we contacted the Owners to determine their intentions. We were then informed that they intended to withdraw the ship from Class. They would give no reasons for this but they did make it clear that they had no complaints against the Society. We later examined the ship in drydock.

We have learned since that the vessel is now to be Classed with Bureau Veritas.

Yours faithfully,  
for the Surveyors

*James Waver*

for the employees  
of the company.

now to be changed with effect from the 1st of June 1963.

When we were first informed of the proposed change, we were very surprised and concerned. We were then informed that the proposed change was to be made in order to enable the company to carry out its business more efficiently. We were then informed that the proposed change was to be made in order to enable the company to carry out its business more efficiently.
