No. 6620

This ship was built in 1954 - 11.

A Special Survey (B) became due 5,63.

The Ship has apparently been under inspection at SOURABAYA for Special Survey since 7,63. On the 23.5.64 the Surveyors forwarded a copy of letter from Owners stating that the ship would be WITHDRAWN from Class but asking that the Special Survey be completed. The ship has been laid up due to shortage of material and spare parts.

The Notation of "S.S. Incomplete - Class Suspended" was inserted in the Register Book 8.12.64.

The SOURABAYA Surveyors now furnish their report of part Special Survey held in drydock and due to wear and tear, repairs effected to keel and deck plating and other items. The Surveyors further report the Owners desire to WITHDRAW the ship's class from the Society.

In view of the above the case is submitted for the consideration of the Committee and it is also submitted the Surveyors be requested to state which items remain to complete the Special Survey.
