Telephone No. 26-1035

7th October, 1963.

Reference

Dear Sir,

"VARIDA"

With reference to your classing letter of 13th September the builders state that the ship is urgently required by the Naval Authorities but it is hoped that she will be returned to the yard for completion of the Machinery Survey about mid December. It is also hoped that a stream anchor will then be fitted.

Yours faithfully,

FE 309
The Secretary,
LONDON.
