

CHAMPADAH ex HUNG SING

For Reclassification purpose, complete
ES, MBS, TS & SPS. surveys
will require to be held.

If the vessel has been
converted to burn oil fuel,
diagrammatic plans of the oil
lines, service tanks & controls should
be prepared without delay & forwarded
for approval.

The latest Rpt 9 dated
March 1947. stated that the then
owners intended to fit auxiliary
electrical equipment. If this has
been done, diagrammatic plans of
the lay-out, showing types and, if
possible, sizes of cables should be
forwarded.

Spare gear & fire extinguishing
arrangements to be as for a new ship.
