Steamer "SUNCAMPANELLA"

Mr. Brighton of Messrs. Angelos Limited has telephoned that his Company are considering purchasing this ship which is classed with the Registro Italiano.

It is understood that a Special Survey will fall due next year, and as the prospective purchasers desire to transfer the class to this Society, they enquire whether the Committee would be prepared to assign class now on surveys held by the Registro Italiano in the past.

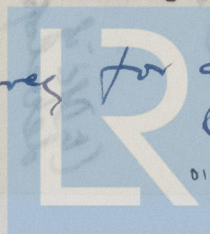

It is understood the ship is to be registered under the Liberian Flag, and the Owners will, therefore, require a Certificate that the ship is classed with a Society recognised by the Liberian Government.

The prospective purchasers if they take the ship over, will also require Load Line, Safety Equipment, and Tonnage Certificates for production to the Liberian Government.
