Gentlemen:

In reply to your letter of July 17th, in which you inquire for the M. S. CHIAPAS, I wish to inform you on behalf of my partner and myself, that so far we have not been very successful, and have not been able to salvage said Ship, but that we hope to do so within the following month of September, and if we succeed, we will take her to San Pedro for repairs.

However, since this is all very new to us, could you give us a little enlightenment, as to just what sort of business, or duty you carry on? Since we have not yet salvaged said Ship, we cannot answer any of the questions you ask, but we hope to do so, as soon as it is possible.

Yours very truly,

(signed) FULGENCIO ESCUDERO
