Particulars of Casualty

13th January, 1936

The Society's New York Office forward a copy of a letter dated 8th July from the Owners of the above vessel stating that she stranded at Barra de Coyuca on the 13th January last; she was considered a Constructive Total Loss and sold by them to Messrs. Eladio Fernandez and Julgencio Escudero of Acapulco.

They have no definite information but they understand that the vessel is "fully sanded in and the probabilities of "being refloated are very small."

The Society's New York Office add they are endeavouring to obtain further information from the purchasers.
