GOVERNMENT SERVICE

This vessel was classed in June 1917. subject to the inner surface of the bottom plating which is coated with tar & cement, being examined within 6 months from that time.

The Owners in December last stated the vessel was on important Government Service up North & they requested the Examination required might be postponed until a more favourable opportunity.

In reply to inquiring the Owners now state the vessel is still in Government Service. The case is submitted for the consideration of the Committee.
