29th December, 1927.

Dear Sirs,

S. With reference to the first entry report on the machinery of the steamer "CITY OF LONDON", I have to point out that as the nominal horsepower is 109, the Rule fee is:- First entry £3, and the survey fee £27.5.0, making a total of £30.5.0.

The proportion of the total fee for the installation does not appear to have been charged by you, but as the first entry fee of £3 has been charged at Glasgow, you should render an account for 1/5th of £27.5.0 = £5.9.0 for the survey during fitting on board of the engines.

I am, Dear Sirs,

Yours faithfully,

[Handwritten signature]

Clerk to the
Classification Committee.

The Surveyors,
LEITH.
