Dear Sirs,

S. S. "MARABANK".

It is found that for the Surveys carried out at London in August and at Bristol in September last, a Fee of £38 is chargeable for the Survey of the Hull and £36 for the Machinery and Electrical Installation.

I therefore enclose an account for these amounts, and would remark that if the Survey is eventually completed in the United Kingdom, the following further Fees will be due, viz:

Machinery	-	£25. 10. 0.
