21st September, 1961.

Dear Sir ,

Steamer "TORNAGALEONES".

C.  
Reverting to my letter of the 1st instant,  
a report of a survey held at Buenos Aires in  
July has since reached this office.

RHC.

It is noted that at that time, although  
the new spare furnaces were on board, it was not  
practicable to fit them at Buenos Aires, and the  
Owners requested a further extension to permit the  
ship to return to Valparaiso.

This examination was held, and the limit  
for renewal of the furnaces was extended to the  
end of August.

This fact does not, of course, affect  
the Committee's decision taken on the 1st September,  
but is merely reported to you for your information.

Yours faithfully,

Clerk to the  
Classification Committee.

R.A. Loraine Esq.,  
VALPARAISO.
