Dear Sirs,

CLASSING LETTER.

3078 "BARTH". This ship has today been classed +100A1 "Ice Class 2", together with the appropriate notations recommended by you.

It is concluded that the W.T. bulkhead No.90 extends to the shelter deck as reported, but as the Approved Plan shows a tonnage opening, your confirmation is desired.

It is concluded that the Test Certificates of the equipment have been checked and endorsed, but your confirmation on this point will also be appreciated.

A report C.11 does not appear to have been received in this Office, and as this is necessary for Classification purposes, I shall be glad if you will forward this as soon as possible.

Yours faithfully,

The Surveyors,
GRONINGEN.

pro Clerk to the
Classification Committee.
