Dear Sir,

Steam Tanker "ESSO FLANDRE"

I acknowledge your memorandum of the 15th instant and, in reply, would inform you that the only Certificate the Committee would be prepared to authorize in this instance would be one for the vessel to be towed as an unclassified hulk.

For such a Certificate it would be necessary for the Marseilles Surveyors to satisfy themselves, from examination, that the vessel is considered satisfactory for the proposed voyage.

Their Certificate would state that it relates only to the hull as an unclassified hulk and does not cover any machinery; also that towage arrangements would be the responsibility of the Owners.

A copy of this communication is being sent to the Marseilles Surveyors.

Yours faithfully,

c.c.Msl.

Clerk to the
Classification Committee.

The Secretary,
PARIS.
