Lloyd's Register of Shipping.

71, Fenchurch Street, E.C.

9th September, 1915.

Dear Sirs,

Reverting to Mr. Blackwood's First Entry Report
No. 28799 on the Steam Tug "AUTOCRAT", I have to acquaint you
that there is a discrepancy between that document and the copy
of the vessel's official registry received at this office as
regards the Gross and Net tonnages as follows:-

Gross tonnage according to Official Registry...137.96

do. do. do. First Entry Report...113.05

Net tonnage according to Official Registry.....Nil.

do. do. do. First Entry Report....2.01

I shall be glad if you will ascertain and let me
know how this discrepancy arises and which figures are to be
taken as correct in order that the Classification Certificate
may be issued and the tonnages correctly recorded in the Register
Book.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

HULL.
